Release Notes

Product Name: TeamTexter® 2.0 Web Application

Release Number: v2.0 SP1.1

Date of Release: January 26, 2022

Overview: This service pack includes an emergency fix for application security purposes.

1. New Feature – CAPTCHA required at registration

- **Issue Summary**: When creating a new TeamTexter® account, there was no security check, allowing bots to generate multiple accounts in an attempt to attack resources.

- **Resolution**: Google CAPTCHA was added to the registration page, preventing mass registration attempts.

- **Impacts:** New users will need to now verify CAPTCHA upon registration. (*image next page)*
